

LOVE	CHANGE	FUTURE
<p>The location.</p> <p>The approachability of teachers and staff.</p> <p>The amount of sponsored activities the children have access too.</p> <p>The relationship between the school and RSL Club.</p> <p>The FENCE!!! (Much better than city style lock out fences).</p>	<p>Maintenance of play equipment (one child said the flying fox is not working).</p> <p>ANNUAL swimming lessons!</p>	<p>Continued limited days for school canteen (1 -2 days/week).</p> <p>Maybe having some veterans act as mentors for troubled children, regularly.</p> <p>Maybe themed days 1 -2 days per term for out of uniform – gold coin. (Colour? Cultural? Historical?).</p> <p>A school wide casual learning extra- curricular with invited guests?</p>
<p>Location, small school environment, new canteen, excursions, school activities, sports carnivals.</p>	<p>I would like to see less composite class arrangements, more school activities and better organisation with those activities ie: not cancelling events etc.</p>	<p>More communication via social media. More communication in general.</p> <p>More rewards for good students.</p>
<p>Being a smaller school with funding. The children receive more individual attention.</p> <p>Involved with the latest activities.</p>	<p>Less homework.</p> <p>More computer one on one time.</p> <p>More communication opportunity between school and parents, lesser need for parents to have to organise and make time for all the specific events and special days.</p>	<p>Not necessarily grow bigger, but more funding. Better ability to cater for kids with special needs.</p>
<p>Small community feel.</p> <p>Services such as Breakie Club.</p> <p>Variety of activities available.</p>	<p>Further embrace technology to keep families and community up to date with what is happening.</p> <p>School App etc.</p>	<p>Continue to grow while maintaining small school focus.</p> <p>Facilities to maintain progression.</p>
<p>School Activities.</p> <p>Small school.</p>	<p>Better communication and more notice!</p> <p>Less classroom disruptions (teacher changes)</p> <p>Better hygiene practices (Soap in toilets)</p> <p>Be able to take my child from their class at 3pm when we have to rush to after school activities.</p>	<p>Skoolbag App.</p>

It's a small school.	Nothing	A gymnastics interest group would be great.
I like the teachers in Karuah Public School.	More play time. More sport days.	More play equipment.
Child loves her teacher Miss Druce. I like how approachable and committed the staff are.	Please reduce the amount of junk food used as rewards for the children.	Any chance of music classes where children learn instruments? (Besides the drums that you already have).
The Maths and Drumbeat.	More activities and arts.	Lots of arts and excursions
My child loves the range of sporting equipment that the school offers.	I would like to see children eating lunch/recess in the hall or their classrooms especially in winter and summer.	
I like excursions on buses and rewards days. Staff are friendly, easy to talk to and approach. Staff are helpful and understanding.	At school I would like to do more art and fun things. Understand need for composite classes, but Kindy is a special time only Kindy kids, other grades should be at least 50/50 of grades not just a handful of kids.	More excursions day time. School looks run down and dark and dingy. Parents receive text/letters when child's behaviour changes, get yellow card etc. Maybe parent sign letter and return to school. After school activities – music lessons, fitness/sport classes. Facebook used more for school events for photos and sharing information.
I love that there is a back playground.	I think that you should change the back soccer field to add slide.	I want to see more safety programs for the school.
It's small and personal. All the teachers are professional and put a lot of work in. It acts quickly when a child is being bullied.	Bring back Mr Pye. (He was the best teacher) Less homework. Focus more on maths 'the tables' Sport competitions with other schools. End of year parties like they used to. My older boy had end of year parties at 'Jimmy's Beach' & 'Mungo Brush'.	Better sports equipment. More canteen days. More excursions. Myuna Bay camps. School fete. Emergency Service days. Local excursions. Different sport activities. Ipad homework 'technology'

<p>Opportunities given to students.</p> <p>Caring, approachable teachers.</p> <p>Supportive environment for kids.</p>	<p>Athletics carnival – all events in one day with presentation.</p> <p>Toilets – need a makeover.</p> <p>Assembly – each week a different class does a song/play/presentation – it gets a bit boring when it's the same each week.</p>	<p>Before and/or after school care program.</p> <p>More time dedicated to sport/PE – specialist teacher??</p>
<p>We have great play equipment.</p>	<p>I would like to see us go back to grey shorts with our green shirts.</p>	<p>I would like to see some different Interest Groups – here are a few – fishing, cricket, kickball, soccer, football.</p>
<p>All the gala days eg football/netball.</p>	<p>More sports.</p>	<p>Lockers.</p> <p>Soccer game.</p>
<p>I love that everyone gets to do art with Mrs Woolley.</p> <p>I love that everyone gets to do PE too.</p>	<p>I would like for the lunch and recess breaks to go for 20 minutes and playtime to also go for 20 minutes.</p>	<p>I would like to see a netball court and more equipment to play on.</p>
<p>Art class.</p> <p>Library class.</p> <p>How we do netball games sometimes.</p>	<p>Better play equipment down back.</p> <p>Instead of something for boys, girls netball.</p>	<p>Netball team.</p> <p>Netball court where the two hoops down the back are.</p>
<p>How it is very calm, quiet and helpful.</p> <p>Also how there is not as much bullying if any, compared to my old school.</p>	<p>The classrooms attitude of some children, the punishment method of red cards.</p>	<p>It to grow and be a very successful public school in this small little town/village that can be very successful.</p>
<p>It's sporty.</p> <p>It is not a big school.</p> <p>It has good teachers.</p> <p>Not much work.</p>	<p>Better school equipment.</p> <p>No homework.</p> <p>More playtime and less eating time.</p>	<p>The class rooms can be done up a little bit – paint in the 3/4/5 room.</p>
<p>Playing on the equipment with my friends.</p> <p>Being at the top of the class at reading and writing.</p>	<p>I would like the school to expand.</p> <p>I would like more best friends.</p>	<p>I would like to see the school have a colourful pet room.</p>
<p>I love playing soccer at school.</p> <p>I like to play star wars with my friends.</p>	<p>I would like to see the trees with apples on them.</p>	<p>I would like to have a bigger playground.</p>
<p>It is fun because you get to play on the oval at lunch and recess.</p> <p>We get to have Breakfast Club.</p>	<p>I like the canteen.</p> <p>The fence should be higher so kids don't get in on the weekend.</p>	<p>More sport and swimming.</p>

I love the teachers and all the kids. We get to have breakfast.	Change the canteen days to Monday and Friday.	I would like to see more new kids at school.
Not many people.	More space.	More equipment for the playground.
My daughter has only been at the school for four (4) weeks and we are happy with it so far.	Change school work forever.	Build Monkey bars. Cut some trees down. No homework. Go to Canberra Zoo.
It's a small school.	More information sent home about the curriculum. The Homework grid is ridiculous and my child hates it, it's unstructured.	Parent/Teacher interviews conducted after ½ yearly reports are sent home to discuss how your child is going with their learning. Teachers get to know all children in their class not just a chosen few.
The location and the size. The spider gym.	Improvement on communication, giving notification of events and activities a bit more promptly. More consistency in the teachers – I think it's important they improve their qualifications, but think that taking too much time away from their students is unfair on the students. Automatic doors.	Learn an instrument. I would like there to be room in the syllabus to have people come in to teach instruments. Hoverboards.
Soccer.	Not sitting next to a certain child	Flying fox fixed.
Soccer, Maths and running.	Train us in sports, before the Athletics Carnival.	
They have the best teachers.	All the bullying.	A new set of monkey bars.
Small number of children.	More P & C members.	Multipurpose courts.
Beautiful teachers.		Swings and more equipment.
